Hi! I'm Melinda Watsons. I'm a party organizer. I organize graduation parties for students, their parents and their teachers. It's easy to organize a graduation party. First, you should choose the party location. Second, you should prepare a guest list and send the invitation cards. Then, you should decorate the place. You need a lot of confetti, party hats and balloons for the decoration. Also, you should prepare lots of food and beverages. The graduation cake is also very important. It should be fancy. Finally, you should wrap the graduation gifts. All students really enjoy these parties and they have so much fun.
