Hi, everybody! I'm Sasha. I'm a student at a primary school. I visited my grandparents last summer holiday. They live in a village. There are high mountains and a big forest around the village. Also, there is a lake in the middle of the village. I picked fruits from the trees with my grandmother. My grandfather and I walked in the forest. We stayed in a tent and it was really interesting for me. It was a different experience for me and I enjoyed it very much.
