The Internet is an important part of our lives. Life is easier with it, however, there are also some risks on the Net.

Your personal information is never safe on the Net. If you share your password with strangers, they may access your profiles and use your information for bad intentions. You should keep your passwords secret except from your family members. Besides, you should be careful with what you share on the Internet. Anything you post on the Internet can stay online forever.

- B) Disadvantages of the Internet
- C) How to Share Photos on the Net
- D) Internet Addiction

8. SINIF İNGİLİZCE

Answer the questions (6 - 7) according to the dialogue.

Hello, how I can help you?

Hi. I bought a smartphone from your store last week. It fell on the ground and its screen is broken now. What should I do?

Let me check whether it is under warranty. Can I have your order number and your name, please?

Sure. It's 4587536950.
My name is John Markson.

Your phone is under warranty, Mr. Markson. You can bring it to our store and we can replace your phone in two months.

Two months? That's too long. How much will it cost to have it repaired?

A new screen is \$250.

Then, I will come to the store tomorrow and you can change the screen. Thank you.
